Re: Possible Water Service Shut-Down in your area on July 1st & July 2nd!!

In regard to your building located within or nearby the SE Main Street construction area:

Crews from Vanderpool will begin switching private water services from the old water main to the new water main along SE Main Street (south of SE 4th Street) at 8am on July 1st and should finish this work by 5pm on July 2nd.

Important!!

Due to the location of water main valves in the area, some properties outside of the immediate working limits of the SE Main Street project will be affected by this shut-down. Please make accommodations during this time of periodic and temporary shut-downs. Vanderpool has committed to having the water main on from 5pm at night until 8am in the morning.

This document serves as your official notice of this work and subsequent possible water shut-downs.

Please contact me by phone at 515-233-0000 or by email at mholtz@foxeng.com if you have questions or need further accommodations.

Please do not hesitate to call me if you have other concerns or questions. Thank you in advance for your patience and cooperation!!

Thank you,
