66.01 TEMPORARY EMBARGO. If the Council declares an embargo when it appears by reason of deterioration, rain, snow or other climatic conditions that certain streets will be seriously damaged or destroyed by vehicles weighing in excess of an amount specified by the signs, no such vehicles shall be operated on streets so designated by such signs erected in accordance with Chapter 61 of this Traffic Code.

(Code of Iowa, Sec. 321.471 & 472)

66.02 SPECIAL PERMITS. Motor vehicles, trucks and commercial vehicles may operate on the streets of the City in violation of this chapter if a permit is issued by the City Administrator or designee. In applying for a permit, the vehicle operator must provide the City Administrator with a written application which states the weight of the vehicle, the date or dates of operation, and the requested vehicle route. The City Administrator may grant the permit as long as the City Administrator determines that the public will not be endangered and there will not be undue damage to the streets or roads. The charge for the permit shall be twenty-five dollars (\$25.00) per day, and the operator of the vehicle shall have the permit available for inspection in the vehicle at the time the vehicle is operating on the roads or streets which have weight limitations.

66.03 LOAD LIMITS UPON CERTAIN STREETS. When signs are erected giving notice thereof, no person shall operate any vehicle with a gross weight in excess of the amounts specified on such signs at any time upon any of the streets or parts of streets for which said signs are erected in accordance with Chapter 61 of this Traffic Code.

(Code of Iowa, Sec. 321.473 & 475)

66.04 LOAD LIMITS ON BRIDGES. Where it has been determined that any City bridge has a capacity less than the maximum permitted on the streets of the City, or on the street serving the bridge, the Council may cause to be posted and maintained signs, in accordance with Chapter 61 of this Traffic Code, on said bridge and at suitable distances ahead of the entrances thereof to warn drivers of such maximum load limits, and no person shall drive a vehicle weighing, loaded or unloaded, upon said bridge in excess of such posted limit.

(Code of Iowa, Sec. 321.473)

66.05 TRUCK ROUTE. When truck routes have been designated in accordance with Chapter 61, any motor vehicle exceeding established weight limits shall comply with the following:

1. Use of Established Routes. Every such motor vehicle having no fixed terminal within the City or making no scheduled or definite stops within the City for the purpose of loading or unloading shall travel over or upon those streets within the City designated as truck routes and none other.

(Code of Iowa, Sec. 321.473)

2. Deliveries Off Truck Route. Any such motor vehicle, when loaded or empty, having a fixed terminal, making a scheduled or definite stop within the City for the purpose of loading or unloading shall proceed over or upon the designated routes to the nearest point of its scheduled or definite stop and shall proceed thereto, load or unload and return, by the most direct route to its point of departure from said designated route.

(Code of Iowa, Sec. 321.473)

3. Employer's Responsibility. The owner, or any other person, employing or otherwise directing the driver of any vehicle shall not require or knowingly permit the operation of such vehicle upon a street in any manner contrary to this section.
