

Take Advantage of Safe, Smart (and Free) Tire Disposal

If you plan to buy new tires soon, or if your old tires have overextended their welcome in your garage, we have a convenient, responsible disposal option – for free. Dumping and stockpiling used tires can create serious health and safety risks. In Iowa, it's illegal to dump tires, and non-shredded tires are banned from landfills. Let **City of Grimes** in partnership with Metro Waste Authority help you dispose of old tires legally and free of charge.

Here are the scheduled 2014 collection dates:

On **October 25th & 26th**, residents can bring their car and truck tires to **901 NE Main ST.**

Regulations

Each household can drop off a maximum of five tires with the rims removed. In special situations where a household may have more than five tires, please contact Metro Waste Authority to be considered for an exemption.

This program does **NOT ACCEPT** the following types of tires at the collection site:

1. Tires generated by any business.
2. Farm or tractor tires
3. Solid tires such as lawnmower, forklift or golf cart tires
4. Bicycle tires

Year-Round Disposal – For a Fee

Metro Waste Authority encourages people to recycle tires directly with:
